NC PRODUCTION SHEET METAL WORK & FABRICATIONS

VAT Reg: 350 3061 03

1.3 Quality and Environmental Policy

B&P Fabrications (Leicester) Ltd. specialise in the production of metal fabrications for a variety of industries within the approved scope: manufacture of metal fabrications from flat rolled products.

The Company has a commitment to maintain an integrated Business Management system designed to meet the requirements of ISO 9001:2015 & ISO 14001:2015 (or any other standard in line with Annex SL Structure) in pursuit of its primary objectives.

Analysis of data will be carried out, and measurable targets for improvement will be set, so that customers' expectations are met or exceeded.

The Company shall ensure that all products are supplied in accordance with customers' specified requirements, and shall establish clear lines of communication with customers to provide information and/or feedback as and when necessary.

The control systems and procedures contained and referred to in the integrated Business Management Manual are mandatory and binding for all Employees, and are intended to ensure that the Company maintains its position as a Quality Supplier.

The Company will aim to reduce the impact of its operations on the environment. It will also look to minimise use of resources and materials in order to ensure a sustainable future for the business. It is the policy of the Company to:

- Implement manufacturing processes that minimise material & energy used to produce products
- Prevent pollution and environmental damage
- Recycle material and goods wherever possible
- Comply with environmental legislation
- · Manage hazardous materials safely

The quality and environmental system will be maintained by Senior Management to ensure it remains appropriate and suitable to our business. The Quality and Environmental System is subject to both internal and external annual audits.

Signed: PJ Byrne, Managing Director
